STATE BOARD OF DENTISTRY

IN THE MATTER OF	:	Administrative Action
	:	
Alfred Khallouf, D.M.D.	:	CONSENT ORDER
	:	
LICENSE TO PRACTICE DENTISTRY	:	
IN THE STATE OF NEW JERSEY	:	

This matter was brought before the New Jersey State Board of Dentistry upon receipt of an application from Alfred G. Khallouf, D.D.S. ("Applicant") to practice dentistry in the State of New Jersey. Applicant disclosed information concerning several arrests and convictions for shoplifting, and a public reprimand by the Pennsylvania State Board of Dentistry resulting from his criminal activities.

Applicant served in the United States Air Force as a general Clinical Dentist from October 2001 to November 2009, and was initially granted a license to practice dentistry in the State of Pennsylvania in September 2002. Applicant was arrested

for shoplifting on the following dates: March 27, 2008; April 27, 2009; November 10, 2009; March 13, 2010; May 28, 2010 June 23, 2010; August 25, 2010; November 22, 2011; and February 3, 2013. The March 2008 arrest resulted in a conviction for Theft by Deception, and the April 2009, March 2010, May 2010, June 2010, and August 2010 arrests resulted in convictions for Retail Theft. As a result of Applicant's first two arrests in March 2008, and April 2009, Applicant received an other than honorable discharge from the United States Air Force in November 2009.

After Applicant was discharged, he practiced dentistry in Pennsylvania. Applicant's subsequent arrests and convictions resulted in disciplinary action by the Commonwealth of Pennsylvania. The Pennsylvania Board of Dentistry by way of Consent Order dated August 7, 2012 issued a public reprimand upon Applicant's license, imposed a five hundred dollar (\$500.00) civil penalty, and placed his license to practice dentistry on probation for a one year term.

On July 10, 2013, Applicant appeared before the Board at an investigative inquiry to discuss his criminal history, disciplinary action taken against him by the State of Pennsylvania, and current fitness to practice Dentistry. Applicant testified that, since 2009, he has attended therapy once a week where he is treated by and receives therapy from a

counselor, psychologist, and psychiatrist for his diagnosed Kleptomania. Applicant also attended a two week inpatient treatment center at Cedar Point Family Service. In addition, Applicant indicated that his wife is an active part of his therapy.

The Board determined that Applicant has demonstrated sufficient insight and rehabilitation such that he may be granted a license to practice dentistry in the State of New Jersey subject to the conditions set forth below. The Board believes that Applicant can benefit from continuing psychotherapy/counseling in order to explore issues that led to his convictions for shoplifting, and to treat his kleptomania.

The Board has reviewed this matter, and determined that the Order is sufficiently protective of the public, and for good cause shown,

ACCORDINGLY, IT IS, on this 3<sup>rd</sup> day of September 2014

ORDERED AND AGREED THAT:

1. Upon satisfaction of all application requirements, Applicant shall be issued a license to practice Dentistry in New Jersey on condition he complies with all terms of this order.

2. Upon licensure, the Applicant shall undergo, at his own expense, psychotherapy at Cedar Point Family Service a minimum of once a month and until further order of the Board. In

addition, the Applicant shall follow the therapist's treatment plan and any recommendations, including those concerning the frequency and duration of therapy.

3. Applicant shall cause to be submitted to the Board quarterly reports from his psychotherapist regarding the issues identified, his progress in therapy and any proposed or continued treatment that is deemed to be appropriate. The first report shall be submitted no later than 90 days after this Order is filed. The therapist shall submit a report containing his/her recommendations and opinion as to whether the Applicant can continue to safely practice dentistry prior to any proposed termination of therapy.

4. Applicant shall obey the laws of the State of New Jersey, the United States and its political subdivisions as well as all the regulations, rules or laws pertaining to the practice of dentistry in this State or any other State. Upon receipt of any information indicating that the Applicant has violated any of the terms of this Order, or any State, Federal law or regulation, the Applicant hereby consents to the entry of an order, on notice in writing, temporarily suspending the Applicant's license issued by this Board, pending a hearing on the complaint. The Applicant shall have the right to move for dissolution of any such order at the next regularly scheduled public meeting of the Board, upon written notice to the Board and to the Attorney General.
